TRAVEL EASY

COMPANY PROFILE

Travel & Visa Solutions for People on the Move

Visa facilitation · Embassy appointments · Certified translation · Business travel

Prepared for Xerox — Vendor Registration

Cairo, Egypt · 2026

01 — ABOUT US

A Cairo travel and visa firm built on getting the file right

Travel Easy is a Cairo-based travel and visa services company founded by Sorour Wael Sorour Abdelgalil. The business has served clients since 2023 and was formally registered with the Cairo Commercial Registry in 2025.

Our core work is visa facilitation. We secure embassy and visa-centre appointments, prepare and review application files, arrange certified translations, and organize the travel around them — flights, hotels and itineraries. We handle visa files for destinations worldwide for individual travellers, sports clubs and professionals travelling on business.

For corporate clients the value is one accountable point of contact who takes an employee from appointment booking to visa in hand, with every document prepared to the embassy's current requirements.

02 — LEADERSHIP

Sorour Wael Sorour Abdelgalil

Founder & Managing Director

6 years of experience in travel and visa processing

Sorour founded Travel Easy after years of handling visa files where timing, completeness and follow-up decide the outcome.

Since 2023 he has also managed visa logistics for site engineers at Jamalone Group, an affiliate of Italy's Danieli, securing visas for engineers deployed to project sites around the world. The role is ongoing, and it shapes how Travel Easy works: firm deadlines, complete files and clear status updates for the person waiting on the visa.

He leads every corporate engagement personally, from the first requirements check through to visa issuance.

EXPERIENCE HIGHLIGHTS

6 years in travel and visa processing

Since 2023 — visa logistics for multinational engineering site teams (Jamalone Group / Danieli)

Worldwide visa files — all Schengen countries, the United Kingdom, the United States, Canada, China, Japan, Australia and Turkey

Group and delegation files — including sports delegations travelling to international tournaments

03 — SERVICES

What we deliver

01

Visa Services — Worldwide

Tourist, business and family-visit visas for any destination, starting with a requirements check against the relevant embassy.

02

Embassy & Visa-Centre Appointments

Booking and managing appointments at embassies and visa application centres in Cairo.

03

File Preparation & Review

Complete application files assembled and checked against current embassy checklists before submission.

04

Certified Translation

Certified English translations of Egyptian official documents — national IDs, civil records, commercial registers and employer letters.

05

Business Travel Support

Trade-fair and conference registration, invitation-letter coordination and cover letters for business visa applicants.

06

Flights & Hotels

Air ticketing and hotel reservations, including itineraries prepared for visa submission.

07

Trip Organization

Tailored itineraries, multi-city trips and Umrah packages, planned end to end.

08

Groups & Delegations

Coordinated visa and travel arrangements for teams, delegations and corporate groups, including minors' travel-consent documents.

04 — EXPERIENCE

Track record

Visa destinations handled

All Schengen countries | United Kingdom | United States | Canada | China | Japan | Australia | Turkey

Engineers and professionals from Schneider Electric, Siemens, Raya Distribution and Danieli, served on an individual basis

How we work

1
Requirements check & document list

2
Appointment booking

3
File preparation, translation & review

4
Submission support & follow-up to issuance

05 — WHY TRAVEL EASY

What a corporate client can expect

One point of contact. A single coordinator owns each request from first document to visa in hand.

Embassy-ready files. Every file is checked against the destination's current requirements before submission.

Corporate mobility experience. Hands-on work with multinational engineering teams on tight deployment timelines.

Bilingual documentation. Arabic and English handled in-house, including certified translation.
